DUNDEE DIRECTORY.

GENERAL NOTICE.

This year our King and Queen have completed twenty-five years' reign, and their Jubilee has been celebrated by a profound expression of loyalty throughout the whole British Empire. Never before have the Crown and the people come more closely together, and a bond of security has been established which gives promise of a period of peace and prosperity to the nation. We have pleasure in reproducing Jubilee photographs of Their Majesties on the page following this notice.

Twenty-five years ago the Dundee Directory attained its centenary and in the issue of that date published in these pages a brief epitome of its history. Space does not permit making a reprint, but a comparison may be drawn when we mention that the first edition contained 72 small pages; it was titled the "Dundee Register" and there was no attempt to reproduce in listed form the names and addresses of a large body of residents. On the contrary, the compiler, Thomas Colville of Kirk Wynd (Tally Street), it is evident, endeavoured to make the Register a business manual only, and as such it was intended as a medium by which a succinct enumeration of the most prominent burgesses in their professional capacity only should be presented. In 1809 the inhabitants were enumerated at 30,000; to-day the population exceeds 175,000.

In those days the appearance of Directories was fitful and change of publisher frequent. It was not until 1886 that the Directory became an annual publication, and since then it has grown in size and usefulness. Through its reliability on all matters appertaining to business, the Directory is yearly becoming more and more a necessary adjunct to every well-equipped establishment and invaluable as a guide to the town and neighbourhood.

A retrospect of the year, in as far as it affects the city, in some aspects is gratifying. Manufacturers and all interested in our staple products have had a fair measure of prosperity. During the early part of the year under review the Jute Mills were handicapped by the low price of the raw material, but during the past few months a steady advance has been manifest and employment has been well maintained.

The Engineering Trade has experienced a decided improvement. More men have been employed and working hours have been extended nearer to full time than has been the case for some years, orders for Textile machinery for home

and abroad having been more numerous. Structural, Sanitary, and General Engineering have had a comparatively busy spell.

It cannot be said that the Shipbuilding industry is busy, but with three new vessels in hand a period of activity is assured.

A fillip has been given to the Confectionery and Preserve Trade of the city by the transfer of one of the London factories to Messrs James Keiller & Son, Ltd., of "Dundee Marmalade" fame. A large amount of machinery has been added to the plant and further extension is in prospect. The output of the factory has been doubled and number of employees increased from 600 to over 1000.

Fruit Canning has become an established and growing industry, with the result that large areas of land in the district have been put under fruit cultivation, a decided boon to canners and growers alike.

Publicity is beginning to bear fruit in as much as Dundee is attracting new industries and businesses. Following the example of the Chamber of Commerce exhibit at The British Industries Fair in 1933, a representative number of business houses in Dundee and Angus held an exhibition of their manufactures in British Industries House during February of this year. In addition to the direct business accruing, there appears to be no doubt that Dundee will benefit by the attention it is receiving from certain multiple shop firms who are erecting large business premises in the City. This will give an impetus to the Building trades and provide employment for a number of our citizens. Building operations have been started on a Super Cinema on the south side of the Nethergate, and the New Drill Hall in Bell Street. Extensive additions to the Technical College, the Royal Infirmary, Maryfield Hospital, the Employment Exchange, and West Green Asylum are also either in contemplation or progress. Council slum clearance and other building schemes are still going ahead, a large number of houses are being built by private enterprise on the outskirts of the City, and, with repair and redecorating work, for the building trades, already working at full pressure, the outlook is gratifying and full of promise.

The extension of the City northwards during recent years resulted in Wards V. and VII, each having an excessive number of electors compared with the other wards. A new ward has been created—Ward XII.—consisting of parts of the old Fifth and Seventh Wards. The addition of Ward XII. will lead to an increase in the personnel of the Town Council from 34 to 37 members. We are able to give the new Ward Boundaries in this issue, and these will be found on page 17.

With the addition of residential properties the extension of the Transport of the City inevitably follows, and Bus routes connect all the outlying districts with the city centre.

The Traffic at the Harbour has been normal. The usual imports and exports have been well maintained, a noticeable increase being the import of Crude Oil and the export of the refined products and bi-products therefrom.

During 1934 the Fire Brigade received 501 calls, 40 of these being outwith the City. Damage to the extent of £56,000 was caused by City fires and £110,000 by County fires. The greatest damage in the former was the destruction of the Tay Oilcake Works with a loss of £20,000, and in the latter a disastrous outbreak at Dupplin Castle, resulting in damage to the extent of £94,000.

The citizens of Dundee are healthy and well behaved; statistics show that during 1934 there were few serious charges but a slight increase in petty crime. In March of this year a new Police Box System was inaugurated enabling the force on duty to be in constant touch with Headquarters. This system has done away with the necessity for so many district stations, and the Eastern, Western, Northern, and Lochee Police Stations are now things of the past. The Boxes are available for the general public, who are invited, in cases of emergency, to open the box, when they are immediately in communication with the Central Police Office. Any saving effected by this change in the personnel of the Police has been offset by the requirements of the new Motor Act. A List of Police Boxes with their situation will be found on page 42.

Several Conferences have been held in Dundee: British Dental Association, Liberal Federation, British Commercial Gas Association, and the Scottish Town Planning Institute.

The freedom of the city was conferred on General Smuts immediately following his inauguration as Lord Rector of St Andrews University.

Two important Land Settlement Schemes, under the Department of Agriculture for Scotland, have been inaugurated during the year: Barns of Claverhouse, purchased by Mr George Bonar, and Dryburgh, the gift of Mr James Mathew. Both these schemes are being fully taken advantage of.

The annual series of International Celebrity Concerts, and performances by the Choral Union and Operatic and Dramatic Societies provided a wealth of musical and dramatic entertainment which was greatly appreciated. Owing to lack of support it was decided to abandon the holding of the Musical Festival for this year.

A new Lifeboat has been presented to the Tay area through the munificence of an anonymous donor, who gave £7000 to build the "Mona." She arrived at her moorings in May this year, and is constructed to carry 100 persons.

The Royal Infirmary as in former years heads the list of recipients of donations and legacies, and included amongst these are the following:—The late Miss Margaret Christie, £2100; £1050 each from Mr John A. S. Leng, the late Mr Andrew A. Stewart, Mrs C. W. Band, Mrs A. Kerr Bruce, Mrs Jessie L. Munn, Dr and Mrs William Low, and an anonymous donor; these amounts are for the endowment of beds. Other legacies included £1000 from the late Mr Thomas Watson, £1000 from the late Mr G. W. L. Sturrock, £2522 from the late Mr A. S. Melville, £962 from the late Mr John Stephen, £750 from the late Mrs Fyffe, and £500 each from the late Miss Boase and the late Mr B. Batchelor. £1787 was realised by the Students during Charity Week, while the Ladies' Auxiliary, the Alexandra Rose Day, and the Begg-Dunlop Club, Jagatdal, were responsible respectively for £134, £737, and £632. Patients and their relatives contributed a sum of £3008. The Convalescent Home benefited to the extent of £1052 from a bazaar.

The late Miss Sharp, of Fernhall, left a fund of £15,000, the free annual income from which is to be devoted to medical and surgical treatment of patients in the Counties of Angus, Fife, and Perth, within a radius of eight miles from Dundee.

Each year we mark the passing of prominent citizens, and this year we record the deaths of the following:—Miss Sharp; Revs. R. Strathern and W. M. Mathieson; Drs M'Vicar and Hardie; Col. T. G. Luis; Captain Gregory; Messrs Alex. Y. Adam, J. M. Gray, John G. Henderson, A. A. Leslie, J. H. Martin, John D. Mathew, James R. Matthew, A. Burns Petrie, R. C. Stiven, G. W. L. Sturrock, John A. Turnbull, Thomas Watson.

The changes in the entries of the Directory are considerable—over 5000 in each of the Streets and General sections, and nearly 1500 in the Trades section. Despite this fact many alterations came in too late to be included in their respective sections, and these will be found on Addendum, page 1088.

Parcels containing fish, game, meat, eggs, razors, scissors, knives, liquids, powders, live bees, &c., are not accepted unless securely packed so as to guard against risk of injury.

INLAND CASH ON DELIVERY SERVICE.

The Inland Cash on Delivery (C.O.D.) Parcel Service applies to everything transmissible by Parcel Post. Under this service the value of a parcel will, up to a maximum of £40, be collected from the addressee by the Post Office and remitted immediately to the sender by means of a special order. Parcels, ordinary or registered, may be posted (C.O.D.) at any Money Order Post Office. Parcels not exceeding £10 in value will be delivered at any address in Great Britain and Northern Ireland (including the Channel Islands and the Isle of Man) upon payment by the addressee to the postman of the amount to be collected; for those which exceed £10 in value the addressee will be required to pay the amount to be collected at the Post Office indicated upon an advice note which will be sent to him. The service does not apply to the Irish Free State in either direction.

The C.O.D. fees, which are additional to the ordinary parcel postage, vary according to the amount to be collected (Trade Charge) and are fixed on the following scale:—Trade Charge not exceeding 10s, 4d; £1, 6d; £2, 8d; £5, 10d; £10, 1s; and 2d for each additional £5 or fraction of £5 up to the maximum of £40.

The sender will be required to write on an adhesive address label—supplied free on demand—or on the cover of the parcel:—(1) The name and address of the addressee; (2) His own name and address; (3) The amount of the Trade Charge; and to fill up the special Trade Charge Form which will be handed to him. The ordinary postage must be prepaid by means of a stamp or stamps affixed to the parcel (or address label). The C.O.D. fee must be prepaid by a postage stamp or stamps affixed to the counterfoil of the Trade Charge Form. A certificate of posting will be given if desired as in the case of an ordinary parcel.

The Trade Charge will be remitted to the sender of the parcel by means of a “crossed” order, similar to a Money Order. This order will not be negotiable and will normally be paid into the payee’s banking account; but special arrangements will be made for payees who have no banking account to receive the money in cash from the Post Office, subject to proof of identity.

The Post Office accepts the same responsibility for a C.O.D. Parcel as for an ordinary parcel, registered or unregistered as the case may be. For a Trade Charge Order its responsibility is the same as for a Money Order.

C.O.D. system applies also to consignment of goods by rail. For full particulars apply to any Post Office.

CERTIFICATES OF POSTING OF UNREGISTERED CORRESPONDENCE.

Any person who desires proof that an unregistered letter, card, halfpenny packet, or newspaper has been duly posted should hand in the letter or other article at a Post Office and ask for a certificate of posting—fee, ½d.

POSTE RESTANTE.

The Poste Restante is for accommodation of strangers and travellers, but they may not use it for more than three months.

Packets for registration must be marked in the bottom left-hand corner with the word “Registered,” and, when the fee exceeds 3d, with the amount of the fee proper to the value up to which the sender desires to secure compensation, thus, “Registered 4d,” and so on. The sender of an Inland postal packet may obtain an acknowledgment of its due delivery by paying, at the time of posting, a fee of 3d in addition to the postage and registration fee.

Inland postal packets containing coin, watches, or jewellery, if posted without registration, are subject to compulsory registration, and are charged on delivery with a fee of 6d, in addition to the ordinary postage. Letters containing uncrossed Postal Orders in which the name of the payee has not been inserted, uncrossed cheques or dividend warrants, bank notes, postage

stamps, or any article (other than coin and jewellery) of a value in each case of 10s or over, will, when found open in the post, or when opened in the Returned Letter Office, be subject to registration, and be chargeable with a registration fee of 3d. Money of any kind must be enclosed in a Registered Letter Envelope and transmitted by Registered Letter Post. The compensation in respect of coin will in no case exceed £5.

IMPERIAL AND FOREIGN PRINTED PAPERS AND COMMERCIAL PAPERS.

The rate of postage on Printed Papers for all places abroad is ½d per 2 oz., and on Commercial Papers 2½d for the first 10 oz. and ½d per 2 oz. thereafter.

Commercial Papers comprise all papers or documents written or drawn wholly or partly by hand (except letters or communications in the nature of letters, or other papers or documents having the character of an actual and personal correspondence), documents of legal procedure, Deeds by public functionaries, copies of or extracts from Deeds under private seal stamped or unstamped, Way Bills, Bills of Lading, Invoices, Receipts for goods or money, and other documents of a mercantile character, documents of Insurance and other public companies, all kinds of manuscript music, manuscript of books and literary works, letters and post cards of old date which have already served their original purpose, pupils' exercises with corrections, but without comment, and other papers of a similar description.

Printed Papers comprise impressions or copies obtained upon paper, parchment or card-board, by means of printing, lithography, engraving, photography, or any other mechanical process easy to recognize. This description includes newspapers, periodical works, books (stitched or bound), pamphlets, sheets of music, visiting cards, address cards, proofs of printing, plans, maps, catalogues, prospectuses, announcements, circulars, notices, engravings, photographs, designs, manuscript for press (when sent with proofs of same), papers impressed for use of the blind, albums of photos, or card-board drawing models stamped in relief, and anything (not glass) usually appurtenant to the before-mentioned articles in the way of binding, mounting, or otherwise, and anything convenient for their safe transmission which shall be contained in the same packet. Postage stamps, obliterated or not, and all printed articles constituting the sign of a monetary value, are excluded. The products of the copying press and the typewriter are not admitted, nor, as a rule, are printed papers which have been modified after printing, either by hand or by a mechanical process. But the following exceptions are allowed:—Printed circulars may be dated in manuscript or by a mechanical process, name and address of the sender and of the recipient, as well as his trade or profession, may be added; on printed visiting cards and Christmas cards the address of the sender, or formulas of courtesy in not more than five words may be written, and on printed circulars manuscript corrections and insertions may be made as to names of commercial travellers, dates of journey, dates of departure of ships, names of persons invited to meetings, and the place, date, and object of the meetings; date of despatch may be inserted in advices of goods; printers' proofs may be corrected and the manuscript enclosed, errors in other printed documents may be corrected, and figures may be inserted in prices current, stock and share lists, &c.; books, music, photos, engravings, and Christmas cards may contain the invoice relating to them; books may have a dedication inscribed on them; in orders for books printed on cards, the works required or offered may be indicated in manuscript; to cuttings from periodicals, the title and date of the publication may be added. Circulars printed or lithographed in characters resembling those of the typewriter, or produced from typewritten originals, will be admitted, provided that they are handed in at the counter of Post Office, that special attention is called to their nature, and that at least twenty copies are posted at the same time.

Commercial Papers and Printed Papers may be posted either without a cover, or in an unfastened envelope, or in a cover easily removable for examination without breaking any seal or adhering surfaces. The packet may, however, be tied at the ends with string easy to unfasten. The name and address of the sender should be written or printed outside.

The limit of size for British Colonies or Possessions or non-Union countries are 2 feet in length by $1\frac{1}{2}$ feet in width or depth; but to Foreign Countries, including Egypt, in the Postal Union the dimensions may not exceed 18 inches in any direction. If in the form of a roll the limits of size in either case are 30 inches in length and 4 inches diam. The limits of weight are from 4 lbs. to 5 lbs. according to destination.

IMPERIAL AND FOREIGN SAMPLES.

The rate of postage on Sample Packets for all places abroad is 1d for the first 4 oz., and $\frac{1}{2}$ d per 2 oz. thereafter. The Sample Post is restricted to *samples of merchandise or scientific specimens*. Articles liable to Custom Duties may be sent by Sample Post to certain countries only and under special regulations.

Patterns or Samples, when practicable, must be sent in covers open at the ends, and in such a manner as to be easy of examination. But samples of seeds, drugs, and such like, may be posted enclosed in boxes or bags fastened in such a manner that they may be readily opened.

There must be no writing or printing upon or in any Sample Packet for non-Union countries, except the address of the person for whom it is intended, the address of the sender, a trade mark or number, the price of the articles, the weight or size, and the quantity to be disposed of, or such as may be necessary to indicate the place of origin or the nature of the merchandise. A packet for a country in the Postal Union may contain Printed Papers, and if the rates for Commercial Papers be paid, it may also contain Commercial Papers.

The limit of weight for British Colonies or Possessions or for non-Union countries is 5 lbs., but for Foreign Countries in Postal Union the limit is 1 lb.

The limit of size for British Colonies or Possessions or for non-Union countries is 2 feet in length by 1 foot in width or depth; and for foreign places in the Postal Union 18 inches in length, 8 inches in width, or 4 inches in depth; unless it be in the form of a roll, when the limit is 18 inches by 6 inches.

PREPAYMENT IN MONEY—FOREIGN.

Postage on Postal Packets (except parcels) addressed to places abroad may be prepaid in money under arrangements similar to those shown on page 145.

MAGAZINE POST FOR CANADA AND NEWFOUNDLAND.

British Newspapers, Magazines, and Trade Journals may be sent to Canada by direct Canadian packet, and to Newfoundland by direct packet or by Canada, at the following rates:—6 oz., 1d; $1\frac{1}{2}$ lbs., $1\frac{1}{2}$ d; 2 lbs., 2d; $2\frac{1}{2}$ lbs., $2\frac{1}{2}$ d; and so on up to 5 lbs., 5d; limit of size, 2 feet in length by 18 ins. in width or depth. They must be posted without a cover or in a cover open at both ends and easily removable. Neither cover nor contents may bear any superscription except title and reference to registration, address of sender and addressee, index or reference numbers and letters, the words "with compliments," a reference to any place in the publication, and a request for return in case of non-delivery. All inland registered Newspapers are admissible; and other Journals may be registered for Magazine Post under certain conditions.

SPOILT STAMPS.

Applications for allowance on spoilt, or unused, postage stamps, embossed envelopes, post cards, or newspaper wrappers, which have not passed through the post, should be made on a form obtainable at any Money Order Office, and should be sent with the stamps to the Accountant, G.P.O., Edinburgh.

REGISTRATION AND INSURANCE—FOREIGN.

The fee for registration of letters, post cards, commercial and printed papers and samples, addressed to places abroad, is 3d. Articles to be registered must be enclosed in a strong envelope, and given to an agent of the Post Office. To some countries it is forbidden to send coin, jewellery, or precious articles. (For prices of Registered Letter Envelopes, see page 147.)

Letters and parcels may be insured (up to certain limits of value) to many foreign countries. Letters must be securely fastened and sealed with private seal, and presented at the counter of a Post Office. Parcels must be substantially packed, and sealed with wax or lead. Seals must be placed over each join or loose flap of the covering, and at the ends of the string. The seals must all have distinct impressions of the same device, such device not consisting merely of straight or curved lines. Parcels containing coin, watches, or jewellery must be enclosed in strong boxes

substantially fastened in wrappers of canvas or strong paper, duly sealed. Letters or parcels for insurance must bear the words "Insured for——," according to amount. The sums payable for insurance, including registration, are as follows:—To secure compensation up to £12, a fee of 5d; £24, 7d; and so on at the rate of 2d for every additional £12, up to £400, 5s 11d.

For information regarding foreign postage of articles of gold and silver, precious stones, &c., see current copy of Post Office Guide.

COMPENSATION FOR LOSS OR DAMAGE OF UNINSURED PARCELS.

The Postmaster-General will, subject to certain rules, give compensation for the loss or damage of uninsured parcels sent by Parcel Post to various Foreign Countries when such loss or damage takes place while the parcels are under his custody. The compensation paid will in no case exceed £1 12s for a parcel exceeding 11 lbs., or £1 for a parcel not exceeding 11 lbs. In the services with certain countries a lower limit than £1 is in force for light parcels. In the case of parcels lost or damaged while under the control of the Post Offices of these countries, the Postmaster-General will endeavour to obtain compensation for the senders.

CASH ON DELIVERY SERVICE.

This arrangement for collecting from the recipient, for remittance to the sender, by Money Order or Postal Order, the value of articles sent by post, is in operation between Britain and the following countries:—Aden, Algeria, Antigua, Azores, Bahamas, Barbados, Belgium, Bermuda, British Guiana, British Honduras, British North Borneo, British Somaliland, China, Corsica, Ceylon, Cyprus, Czecho-Slovakia, Danzig, Denmark, Dutch Guiana, Dutch East and West Indies, Egypt, Estonia, Falkland Islands (Port Stanley only), Faroe Islands, Fiji, Finland, France, Gibraltar, Gold Coast, Grenada, Holland, Hong Kong, Iceland, India, Iraq, Italy, Jamaica, Kenya and Uganda, Latvia, Leeward Islands, Lithuania, Luxemburg, Madeira, Malay, Malta, Mauritius, Morocco (Tangier only), North Borneo, Nyasaland, Norway, Palestine, Poland, Portugal, Rhodesia (Northern and Southern), St Lucia, St Vincent, Sarawak, Seychelles, Shanghai, Sierra Leone, Straits Settlements, Sudan, Sweden, Switzerland, Tanganyika, Trinidad, Zanzibar. The amount to be collected, or "Trade Charge," may not exceed £20 or £40 according to destination. Articles must be sent as parcels. The sender must fill up a special Trade Charge Card (no erasure or alteration allowed), and also write on the cover of the parcel, or on a label affixed to the cover, his name and address and the word "Remboursement," followed by the amount in sterling of the Trade Charge.

The packet must be handed in at a Head or Branch Post Office, where the sender must obtain a certificate of posting, which is to be given up when the Money Order or Postal Order is presented for payment. The amount of the Trade Charge will be remitted directly to the sender, after deduction of fee due to office of delivery, and commission on Money Order or Postal Order. Rates charged as fee and commission for the various countries may be ascertained at Post Office.

IMPERIAL AND FOREIGN PARCEL POST—GENERAL REGULATIONS.

A parcel must not be posted in a letter box, but must be presented at the counter of a Post Office. The sender is required to make a Customs declaration furnishing a statement of the contents and value, the date of posting, and other particulars. Senders of parcels for certain countries may take upon themselves the payment of the Customs charges if they so desire.

No letter whatever may be sent in a parcel addressed to any Foreign Country, or to many British possessions. Invoices in open envelopes may, however, be enclosed. Coin, jewellery, or any article of gold or silver, cannot be sent by Parcel Post to any Foreign Country or British Possession included in the insurance system, unless they are insured for at least part of their value, and packed according to special regulations.

Parcels should be securely packed; cardboard or ordinary brown paper is not, in general, sufficient packing for a parcel sent to a place abroad.

Arrangements have been made whereby parcels up to 22 lbs. in weight may be accepted for certain Colonies and Foreign Countries.

POST OFFICE TELEGRAPHS.—INLAND TELEGRAMS.

Ordinary Telegrams.—The charge is 6d for the first nine words, including the address, and 1d for each additional word.

Priority Telegrams.—Priority telegrams, which are given preference at all stages of treatment, may be sent on payment of a flat rate of 6d in addition to the ordinary rate.

Telegrams handed in on Sundays in Scotland are charged 6d extra.

When the terminal office is a Head Post Office, the amount paid for transmission covers the cost of delivery within three miles or within the town postal delivery when that extends for more than three miles. But when it is not a Head Post Office, the message is delivered free within three miles only. The portage on messages for places beyond the limits of the free delivery will be at the rate of 6d a mile or part of a mile, the charge being reckoned from the limit of the free delivery.

Copies of a telegram directed to more than one person in the same free delivery are delivered at a charge of 4d for every copy beyond the first, in addition to the ordinary telegram charges for the number of words in the addresses and text. Telegrams may be repeated, if the sender desires it, at one-half the ordinary tariff.

Batches of identical telegrams to 100 or more addresses in Great Britain may be sent at the following rates:—The charge for each telegram in the batch is 4d for each sixteen words of text, and 1d for each additional four words of text. No charge is made for the addresses.

Persons not wishing to send to a Telegraph Office may post a telegram in an envelope addressed "Telegram, Immediate" in a wall or pillar-box, or Sub-

Post Office. Telegrams so posted are sent on by next collection to the Telegraph Office for transmission free of extra charge, provided that the proper amounts have been prepaid.

Messages may be sent by Telephone from subscribers or from Multi-Coin Boxes for onward transmission as telegrams to a Telegraph Office. A local telephone fee is charged to subscribers in respect of each call made to the local Telegraph Office, or to Edinburgh when the local office is closed for Telegraph business.

Anyone may register an abbreviated address on payment of a registration in accordance with the following scale of charges :—For a period not exceeding 3 months, 12s 6d ; for a period exceeding 3 months but not exceeding 6 months, £1 5s; for a period exceeding 6 months but not exceeding 9 months, £1 15s; for a period exceeding 9 months but not exceeding 1 year, £2.

The cost of a reply, not exceeding forty-eight words, may be prepaid, and a reply form will then be delivered to the addressee, who will be at liberty to use it for any inland message, at any time within twelve months.

NIGHT TELEGRAPH LETTER SERVICE.

Night Telegraph Letters may be sent to any address in Great Britain or Northern Ireland except to the Channel Islands, the Isle of Man, the Scilly Isles, Islay, the Outer Hebrides, Mull, and the Orkneys and Shetlands; and to the following towns in the Irish Free State, viz., Cobh (or Queenstown), Cork, and Dublin. The rate is 1s for 36 words or less (1s 6d for Irish Free State), and 1d for every 3 words beyond 36. The usual fee of 6d in addition is charged on Sundays.

Night Telegraph Letters must be in plain language. They should be written on telegram forms and the charges prepaid in postage stamps. They may be accepted at any time, either by telephone or over the counter.

A Night Telegraph Letter will be delivered at two or more addresses all in the same place of free delivery on prepayment of the ordinary Night Telegraph Letter charges for the total number of words in the addresses and text in addition to a charge of 4d for every copy beyond the first. Each address must be complete in itself. The whole of London will for this purpose be regarded as within the same free delivery. Registered telegraphic addresses not accepted.

FOREIGN TELEGRAMS.

In telegrams written in plain language (English or French) the length allowed for a word is 15 letters. Additional letters are charged for at the rate of 15 letters to the word.

Subject to the limit as to number of letters, ordinary compound words and names of persons and places, &c., written without break or interruption, are counted as single words. If joined by a hyphen, or separated by an apostrophe, they are counted as so many separate words. Compound numbers written in words and without break are also counted as single words subject to the same limit as to the number of letters. The name of the office of destination in the address is charged for as one word whatever its length; and when the name of the country, state, province, or district has to be added the whole expression is charged for as one word. Every separate letter or figure is charged for as one word. Groups of letters in cypher and groups of figures are counted at the rate of five to a word. Bars of division, decimal points, and stops used in the formation of numbers are counted as figures. Letters added to figures to form ordinal numbers are counted as separate words (*i.e.*, "17th" counted as two. If written "seventeenth" counted as one).

Telegrams in Code language must be written in one of the authorised codes.

RADIOTELEGRAMS.

Radiotelegrams are accepted at any Telegraph Office for transmission to ships equipped with wireless telegraph apparatus in any part of the world.

Services.—(1) Short distances (List British Coast Stations, 250 miles). Rates from 3½d to 11d per word; 1/3 minimum. (2) 2,000 mile range, 11d per word; (3) Special world-wide services (Rugby radio and Portishead radio), 1/6 per word; no minimum. Open address.—When the sender is uncertain as to the appropriate coast station, the radio should bear an open address thus: "Jones Olympic Wireless." Abbreviated addresses for use in connection with radiotelegrams only can be arranged through the Head Postmaster. Fee, 2/6 per annum.

EXTRA-EUROPEAN TELEGRAMS.

Telegrams in plain language are accepted at the "Deferred Rate" on condition that they may, if necessary, be deferred during transmission in favour of Full-Rate Telegrams.

An Air Mail packet may be posted in any of the ordinary ways of posting. It must (1) bear an "Air Mail" label or manuscript equivalent, and sometimes a special marking in addition; (2) be prepaid (in postage stamps) to the full value of the combined postage and air fee. An "Air Mail" label may be obtained free of charge at any Post Office, and should be affixed to the top left-hand corner of the packet. If a label is not available, the packet should be prominently marked—"By Air Mail."

POST OFFICE SAVINGS BANK.—The Post Office acts as a Bank for Savings throughout the United Kingdom. In every town and in almost every village small savings may be paid in at the Post Office. The money will be held in safety by the Government, will earn interest, and, when required, may be drawn out again through the local Post Office wherever the owner may be.

SMALL SCALE SAVINGS.

(1) *Home Safes*.—A Home Safe is a money box in book form, in which money may be placed for deposit in a Post Office Savings Bank Account or for purchase of National Savings Certificates. A safe can be obtained at any Savings Bank Post Office on payment of 1s, which is returned when the safe is given up in good condition. The safe is locked when issued, and the Post Office holds the key.

(2) *Stamp Savings Books* can be obtained free of charge from almost every Post Office. On each page of the book are spaces where 6d National Savings Stamps can be fixed. The stamps may be deposited in a Savings Bank Account (in units of 5s), used for the purchase of National Savings Certificates, or cashed at any Savings Bank Post Office (in multiples of 1s).

(3) *Stamp Savings Slips* to which twelve penny stamps can be affixed. When a stamp slip is full it can be deposited in a Savings Bank Account, but not more than 10s a month may be deposited by this means except when special arrangements have been made with schools.

Special facilities are also afforded to depositors in the Post Office Savings Bank for making investments in Government Stock and purchasing Annuities.

RATES OF POSTAGE FOR LETTERS AND PARCELS ADDRESSED TO PERSONS SERVING WITH HIS MAJESTY'S FORCES AT HOME OR ABROAD.—His Majesty's Forces stationed in the British Island. and His Majesty's Ships in Home Waters—The ordinary inland rates apply to all kinds of postal packets. In the case of parcels the words "In Home Waters" must be added after the name of the ship; but the use of the proper postal address for a ship in home waters will result in earlier delivery. Every parcel must bear on the cover the sender's name and address, which should be written at right angles to the name and address of the addressee.

H.M. TROOPS ABROAD.—**LETTERS**—Generally speaking, the rate for letters is the ordinary rate for the country of destination.

PARCELS—H.M. Ships outside Home Waters—3 Lbs., 1s 3d; 7 Lbs., 2s 6d; 11 Lbs., 3s 3d; 22 Lbs., 6s. China Command, Shanghai Area—3 Lbs., 2s 3d; 7 lbs., 3s 3d; 11 lbs., 4s 3d; 22 lbs., 7s. Parcels for soldiers serving elsewhere are subject to the same conditions as those for civilians in the same country.

Any letter, parcel, or other postal packet addressed to one of His Majesty's ships should be addressed—H.M.S. (name of ship), c/o G.P.O., London, E.C.1. In the case of parcels the words "In Foreign Waters" must be added after the name of the ship. Every parcel must bear on its cover the sender's name and address. Parcels may not be addressed "c/o Admiralty."

H.M. Ships in Foreign Waters—The imperial rates, viz., 1½d for first oz., and for each additional oz. 1d., will apply. Postcards 1½d each. Newspapers and printed papers, ½d for 2 oz.

INLAND REVENUE STAMPS, &c.—

The following Inland Revenue Stamps:—Bill Stamps, Bankruptcy Stamps, Contract Stamps, Foreign Bill Stamps, Civil Service, Law Court, Register House, Estate Duty, Transfer Stamps, Deed Stamps, Patent Medicine Stamps, Coffee Labels, Patent, Design, and Trade Mark Stamps and Forms, Dog and Gun and Wireless Licenses, may be purchased at the Post Office.

STREET DIRECTORY.

See LIST OF STREETS, SQUARES, &c., at beginning of Directory.

NUMBERING OF STREETS.—In Dundee it has hitherto been the practice to number the Streets with the odd numbers on the *right* hand side of each street, and the even numbers on the *left*. In the Directory, therefore, the names have been arranged in the same way—the *odd* numbers first, 1, 3, 5, 7, &c., then the *even* numbers following in the reverse direction, as 8, 6, 4, 2. The Broughty Ferry Streets, however, are so arranged that the order of the buildings begins on the *left* hand side of the street, returning on the *right* hand side in the reverse direction. This should be kept in mind when consulting the Directory.

The List of Streets, Squares, &c., on page 18 (which has reference letters to denote the position of each street on the Plan of Dundee, and reference numbers and letters to indicate Registration Districts and Ward Boundaries) will be found serviceable in determining the situation of any required locality.

ARE YOU DOING YOUR BIT TO HELP

THE DUNDEE ROYAL INFIRMARY?

EVERY man, woman, and child in the City of Dundee and the County of Angus and in large areas of Perthshire and Fifeshire derives benefit, directly or indirectly, from the services provided by Dundee Royal Infirmary. Hence the obligation to support this great Institution, regularly and generously, rests upon everyone. Are **you** doing your share?

Every citizen who can do so should become a Governor of the Infirmary by making a personal annual subscription of One Guinea or more. Every employed man or woman should be contributing a copper or two weekly through his or her place of employment. Housewives can contribute through the annual house-to-house collections. And the various special appeals such as Hospital Sunday, Alexandra Rose Day, etc., should be supported to the best of your ability.

The endowment or naming of a bed or cot in the Infirmary provides a fitting and lasting memorial to a departed relative or friend. A bed or cot may be endowed for £1050, or named for £210. Subscriptions and donations should be paid to, and further information can be obtained from, the Treasurers—

R. C. THOMSON & MURDOCH, C.A., 64 Reform Street.

The need for increased support is very real if the Infirmary is to continue to house over 11,000 In-patients annually. Please consider what you can do to help.

MEMORANDA.

# The Care of Silver

Silver is not so difficult to keep if a few simple precautions are observed.

1. Don't put Silver away damp or dirty.
2. Don't put Silver near damp salt or anything containing sulphur, such as new cloth or rubber.
3. Don't use rough metal polishes for Silver.
4. Don't rub the dust in when polishing.

To polish Silver properly first remove all dust and dirt, then rub with a piece of chamois skin or soft cloth dipped in a plate mixture of fine precipitated chalk, non-mercurial rouge, and ammonia. Use a brush for chased, engraved, or pierced work. When all tarnish and scratch marks are removed, wash thoroughly in hot water and a little soap. Dry thoroughly and polish with a clean dry chamois skin. To get an extra high polish use a paste of non-mercurial rouge and water instead of plate mixture. For odd jobs "Rabok" (cotton wool impregnated with rouge) is useful. Tear off a small piece of the cotton wool, polish with it anything required and throw away the used piece. Keep all cleaning utensils free from dust.
